

ACTIVITIES CONDUCTED AT VIBRANT VILLAGE – TUTING, ARUNACHAL PRADESH

1.

Vibrant Village Boost: Cybernetic Amenities Solution Centre/Simaant Kisan Seva Kendra established in Tuting, Arunachal Pradesh

College of Agriculture, Pasighat establish first-of-its-kind Simaant Kisan Seva Kendra/ Cybernetic Amenities Solution Centre **in Tuting Vibrant village** funded by the National Mission on Himalayan Studies, Ministry of Environment, Forest, and Climate Change, Government of India. It is a pioneering initiative to reach to the unreachable. The Centre will provide critical information on modern farming techniques, market trends, weather forecasts, government initiatives etc. Alongside a mini library offering resources on agriculture, horticulture, animal husbandry and related fields. This initiative will benefit farming communities, students, army personnel, tourists, and a wide range of stakeholders in the vibrant village. (NMHS Grant ID: NMHS2024-25/SC-XII/MG91-196/SL-02)

2.

ArunKisan App. develop to connect the unreachable and empowering border Villages

For ages, farmers have always looked for ways to improve yields and combat problems caused by weather, pest attacks, disease infestation and lack of knowledge about the latest scientific agro-practices. Due to an information gap in the northeastern region especially in **border villages**. Agriculture has become "input intensive" but not "knowledge intensive. The College of Agriculture – Pasighat has developed the first Android-supported mobile application named ArunKisan. This app can be used on phones as well as tablets and works with or without internet connectivity. Now, with just a click of a button, farmers can get information on agri- and allied crops. The app is available for free download at <https://arunkisan.in/> or www.arunkisan.in. (NMHS Grant ID: NMHS2024-25/SC-XII/MG91-196/SL-02)

3.

Serving our Nation Guardians at First Village – Gelling, Arunachal Pradesh

Initiative aims to serve those who serve the nation by distributing planting materials Litchi saplings to ITBP personnel stationed at the FIRST VILLAGE OF INDIA- GELLING. To appreciate border guardians, boost local farming, enhance food security and promote sustainable livelihoods

(NMHS Grant ID: NMHS2024-25/SC-XII/MG91-196/SL-02)
