Gantt Chart of Work Plan

Project Title: Population dynamics and Biogeography of Himalayan Mouse-Hare Ochotona roylei in relation to their impact on the medicinal flora of Western Himalaya

Name of PI & Address: Prof. S.N. Bahuguna,Department of Zoology & Biotechnology, H.N.B Garhwal University,Srinagar-Garhwal**,** Uttarakhand.

S. No.	Activity	1st Year				2nd Year				3rd Year			
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
1	Appointment of the staff												
2	Procurement of different equipment and chemical												
3	Survey will be conducted to know the status and presence of study animals in sub alpine and alpine areas of Uttarakhand, Western Himalaya												
4	Literature survey												
5	Design of experimental setup												
6	Identification of species on the basis of their morphology and tissue collection.												
7	Preparation of 1st technical progress report.												
8	Morphometric study at the species level												
9	Impact of anthropogenic activities on this animal												
10	Quantitative feeding analysis												
11	Qualitative feeding analysis.												
12	Quantifying Impact of feeding behave on medicinal flora												
13	Preparation of 2nd technical report												
14	Population dynamic studies												
15	Biogeographical studies												
16	Preparation of final technical report
